

## COMPANY PROFILE

**MOBEDCO**  
THE ARAB PESTICIDES & VETERINARY DRUGS MFG. CO.

## ABOUT US

**MOBEDCO** is a Jordanian veterinary drugs and pesticides manufacturing company established in 1991 in Al-Hassan Industrial Estate, Jordan. We first started as an agricultural pesticides manufacturing company, then our production range was expanded to include a wide variety of veterinary medications to prevent and treat a range of worrisome diseases.

These products have different dosage forms including suspensions, powder preparations, injectables and aerosols among other dosage forms. Ever since, Mobedco grew to become a high capacity leading company regionally and on a local level with up to 200 products.

Delivering  
Quality  
First

---

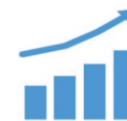

## OUR STRATEGY

### Our Vision

To become the most valued regional generic manufacturer of agrochemicals & veterinary products with a global presence

### Our Mission

We are committed to delivering high quality products in line with the latest developments in international markets

## OUR OBJECTIVE

Our aim is to ensure that everyone has access to high quality, nutritional and healthy food. Therefore, we provide products that help farmers and livestock producers overcome the multiple challenges they face everyday.

1

## VETERINARY DRUGS

We offer a range of products including anti-infectives, antiparasites, feed additives and other pharmaceuticals that treat conditions that negatively impact livestock and the production of milk, meat and eggs.

2

## AGRICULTURAL PESTICIDES & PUBLIC HEALTH

We have a wide range of insecticides, herbicides, rodenticides and public health products. Each tailored to a specific demand.

# CERTIFIED CAPABILITIES

Mobedco excellence is recognized by ISO certifying bodies:

We obtained ISO 9001:2015 certifications for quality management system and ISO 14001:2015 for environmental management system. Mobedco is also known for our “GMP culture,” the result of our total quality approach.

“

We make every effort to set the standard for quality, safety and value in the development and manufacturing of our products.

”
